

Personal presentation  
Jostein Finnekaasa

My name is Jostein Finnekaasa. Born and raised in Norway I've spent 3 years in Australia studying the art of animation, motion graphics and VFX. I enjoy every aspect of working in 3D. At the moment I consider myself a 3D generalist ready to take on whatever is thrown at me.

Because of my broad interest field I have the ability to plan and find the best, and most efficient solutions. It will not take me long to get into the studio pipeline.

I love to be in an environment with people sharing the same interests as me and I enjoy working in a team. My goal is to be a reliable and valuable part of the company.

At the moment I am looking for work in Australia.

sincerely

Jostein Finnekaasa

**Mr. Jostein Finnekåsa**

To Whom It May Concern,

Stripe AS is one of the leading service-providers of 3D and visual effects to the movie and commercial industry in Norway. Several members of our team have previously been hired to work on movie productions both locally and internationally. Some examples are "Matrix 3" (2003), "Lange Flate Ballær" (2006), "Elias" (2007) as well as "Lange Flate Ballær 2" (2007) - the latter which were done entirely by Stripe. We have also done work on the recently released movie "Pink Panther 2".

Mr. Finnekåsa has been a valued member of our 3D-team the time he has been with us. We used him as a freelance artist between March 2008 and September 1. 2008 when we decided to hire him full time. Mr. Finnekåsa has shown great initiative and resourcefulness. He's always positive, punctual and hard working. He has great interest for animation and the surrounding fields and he has shown that he always strives to improve himself. We would have liked to keep him on the team, but since he's moving to Australia that was not an option – however, we will welcome him back when and if he decides to return!

Mr. Finnekåsa is a 3D generalist with focus on animation and rigging. He has shown he can handle all kinds of projects and that he is an excellent team player. I have only positive things to say about Mr. Finnekåsa. He possesses a keen eye to the subtleties of animation and I believe he will get far in the years to come!

Sincerely,

Atle Krogstad Berg  
Manager
